

# INVESTMENT MANAGER/PARTNER FOR NORDIC GROWTH PRIVATE EQUITY

– STOCKHOLM OFFICE

---

Nordic Growth is a private equity firm undertaking minority investments in outstanding Nordic companies seeking above-market growth supported by a technology based competitive advantage and/or business model. Nordic Growth also advises professional investors on private equity related matters.

Through operative and board-level experience from private and listed companies, the investment professionals have an expertise and functional experience including strategy evaluation, formation and implementation, corporate management, sales, marketing and product management.

The team, operating from offices in Copenhagen, Helsinki and Stockholm as one pan-Nordic team, has an impressive record in financial structuring, valuations, and sell and buy-side mergers and acquisitions.

We seek an outstanding professional for our Stockholm office.

## DESCRIPTION

---

We are seeking a person who will be an active member of our Nordic team. Your pan-Nordic tasks will be tailored to match your background and experience, but Nordic Growth is active in the following:

- seeking, identifying and evaluating potential companies for investment, including company and industry analysis,
- evaluation of strategy and opportunities for development,
- evaluation of robustness of business model, competitive advantage and use of technology,
- documentation of plans, investment proposals, investment and return calculations,
- negotiating and executing approved investments,
- development and execution of owner, development and exit plans,
- helping institutional investors to plan and execute their private equity strategy,
- seeking, identifying and evaluating potential private equity fund investments.

## PROFILE

---

The candidate will preferably have a minimum of five years experience from a private equity investment company, a tier 1 international management consulting firm or from the corporate finance arm of an investment bank, as well as operative management experience. Sales experience of advanced services to institutional investors and an existing investor contact network are considered an advantage.

The candidate has taken part in several transactions, and has been exposed to managers and owners of growth companies.

Applicants will have strong academic and analytical credentials.

The position will require a strong drive, excellent communication skills and an entrepreneurial approach, and offers good opportunities for the right candidate to take part in the overall strategy and growth of Nordic Growth.

Nordic Growth offers the right candidate a challenging and rewarding position in a professional and supportive pan-Nordic team, where you are a member of one team regardless of the physical location. For more information on Nordic Growth see [www.nordicgrowth.com](http://www.nordicgrowth.com)
